

GENERAL CONCEPTS REGARDING THE ORGANIZATION OF JUSTICE AS A PUBLIC SERVICE IN ROMANIA

Ximena MOLDOVAN*

ABSTRACT: *A principle of law is the result of social experience, and the practical utility of knowing the general principles lies in the fact that they draw the guidelines for the entire legal system and exert a constructive action, orienting the legislator's activity. The principles of law can therefore be defined as rules of maximum generality that summarize social experience and ensure the balance between the observance of rights and the fulfillment of obligations.*

KEYWORDS: *justice, public service, law principles.*
